ABSTRACT

This monograph presents 1981-82 data on the supply of and demand for teachers and the status of currently active teachers in Utah. Statistics are presented in tabular form. Section I provides information on: (1) total number of professional personnel; (2) ethnic and racial background; (3) certification and training; (4) professional experience; (5) age and sex distribution; (6) major and minor assignments; and (7) teacher turnover. Section II lists the total number of "letters of authorization" (authority given to school districts to employ individuals without proper certification). Section III is devoted to new personnel: (1) total number of new personnel; (2) major and minor teaching assignments; (3) elementary school personnel listed by grade assignment; (4) training and professional experience; (5) age and sex distribution; and (6) states from which teachers originated. Section IV presents information on the supply of teachers: (1) supply of teachers recommended by Utah institutions; (2) certification and subject matter; (3) occupation of 1981 graduates; and (4) sources of teaching candidates. The final section provides information on one-teacher schools in Utah and births, population growth, and enrollment. (JD)

FOREWORD

This study is one of a long series of studies of the supply of teachers, the demand for teachers, and the status of currently active teachers.

The state should look with pride at the accomplishments of Utah educators in spite of the adverse situations which have existed for so many years.

Until 1942 Utah required only three years of college training for the licensing of elementary teachers. In 1942 requirements were changed to four years of preparation for all teachers and the state has now adopted a permissive fifth year in order to prepare teachers adequately for their important work in a rapidly advancing world.

This study is intended to bring these comparative data up-to-date annually. The information may then be used by high school and college counselors, by school administrators, and by all others interested in the schools.

G. Leland Burningham
State Superintendent
of Public Instruction

ACKNOWLEDGMENT

We express our appreciation to all school districts, professional personnel, teacher-preparation institutions and Staff Development and Technical Assistance Department of the Utah State Office of Education for their cooperation in supplying information for this study. Thanks are expressed to Data Processing for their efforts in tabulating, to Publications for printing and assembling, and to the secretaries and clerks of the Education Support Services Division for assembling and typing.

Raw source data for Sections 1 and 3 came from the "Annual Professional Personnel Information Sheets" sent to each professional employee in the state dated as of October 1. Sections 2 and 4 raw data were furnished by the Certification Section.

STATUS OF TEACHER PERSONNEL IN UTAH

1981-82

TABLE OF CONTENTS

ORGANIZATION OF MATERIALS: For convenience in using the data which are assembled in this report, the booklet has been divided into sections according to the classification of the information. Each section has been printed on a separate identifying color.

SECTION I (White Pages) - Total Professional Personnel

Total Number of Professional Personnel	pp.	1-5
Ethnic and Racial Background	pp.	6
Certification & Training	pp.	7-16
Professional Experience	pp.	17-31
Age & Sex Distribution	pp.	32-41
Major & Minor Assignments	pp.	42-69
Teacher Turnover	pp.	70-71

SECTION II (Pink Pages) - Letters of Authorization

Total Number of Letters of Authorization	pp.	75-76

SECTION III (Yellow Pages) - New Personnel

Total Number of New Personnel	pp.	79-80
Major & Minor Teaching Assignments	pp.	81-83
Elementary Personnel Listed by Grade Assignment	pp.	84
Training & Professional Experience	pp.	85-89
Age & Sex Distribution	pp.	90-94
State Originating From	pp.	95

SECTION IV (Blue Pages) - Supply of Teachers

Supply of Teachers Recommended by Utah Institutions	pp.	99-107
Certification & Subject Matter	pp.	108-112
Occupation of 1981 Graduates	pp.	113-120
Sources of Teaching Candidates	pp.	121-122

SECTION V (Buff Pages) - Miscellaneous

One Teacher Schools in Utah	pp.	125
Births, Population Growth, & Enrollment	pp.	126-131

X Utah's Population Growth - Births . . . . . pp. 129
XI Fall Enrollment . . . . . pp. 131

HIGHLIGHTS

1. PROFESSIONAL PERSONNEL:

Number: The public schools of Utah reported for the school year 1981-82, 16,765 professional personnel: 7,917 elementary classroom teachers, 385 elementary principals, and 247 other elementary instructional personnel (includes: media, special education, counselors, & etc.), 822 middle school classroom teachers, 40 middle school principals and 57 other instructional personnel (includes: media, special education, counselors & etc.) 5,628 secondary classroom teachers, 298 secondary principals and 497 other instructional personnel (includes: media, special education, counselors & etc.), 389 district wide instructional personnel, 173 supervisors and directors, 213 other district wide personnel (includes: specialists, social workers, psychologists, & etc.), 40 superintendents and 59 assistants, administrative assistants and business managers.

Included in the above figures are 63 elementary interns, 3 middle school interns and 11 secondary interns. Interns are assigned a regular class or subject for a semester of the school year and are under the direction of a master teacher. Each intern in general receives a percentage of a beginning teacher's salary.

The personnel are contracted to 40 school districts and are assigned to 40 administrative offices, 409 elementary schools, 37 middle schools, 58 junior high schools, 95 high schools, 30 special education schools and 15 alternative high schools and vocational schools.

Fifty-two percent of the total professional personnel are employed in Davis and Salt Lake counties. The same counties enroll 52% of the total enrollment in public schools.

Men and Women: Men represent 43.4% of all personnel and women represent 56.6%. Elementary men classroom teachers are 9.9% of the total while elementary women classroom teachers are 37.0% of the total. Middle men classroom teachers are 2.5% of the total while middle women classroom teachers are 2.4% of the total. Secondary men classroom teachers represent 21.4% of the total and secondary women classroom teachers are 12.1% of the total. Table 1, pages 1-3.

Age Distribution: The median age for all personnel is 38.6. The median age for all men is 40.9 and for women 36.4. The median age for elementary men is 37.3 and women is 36.2. The median age for middle school men is 38.9 and women is 34.0. The secondary median age for men is 39.8 and women is 35.2. The median age for administrators is 50.2. For the men administrators the median age is 50.3 and for the women administrators 48.6. Tables 26-34, pages 32-40.

Median Age

Year	Men	Women
79-80	40.7	36.1
80-81	41.4	36.7
81-82	40.9	36.4

Experience: Median years of experience for elementary classroom teachers is 8.6 years, for middle school 9.5 and for secondary is 11.5 years. Tables 14, 16, 18 pages 19, 21, 23.

2. CREDENTIALS AND TRAINING:

Letters of Authorization: This type of emergency certificates were issued to 102 out of the total 16,765 professional personnel as of December 10, 1981. This represents 0.6% of the total professional personnel. Proper credentials are held by 99.4% of the total professional personnel. Fourteen districts show 100% of their personnel with proper certification in all subject areas. Additional highlights are described under item 4.

Training: Training is divided into eight divisions--from less than a bachelor's degree to a doctor's degree. Of the total personnel 0.3% are interns with less than a bachelor's degree, 0.3% of regular classroom teachers claimed to have a bachelor's degree equivalent or less, 39.6% have a bachelor's degree, 29.0% have between 30-60 hours of college credit above a bachelor's degree, 29.1% have a master's degree or master's plus 45 hours. One and nine tenths percent have a doctor's degree.

Training for elementary, middle and secondary classroom teachers show that 48.3% of the elementary teachers have training beyond a bachelor's degree, 56.8% of the middle school teachers have training beyond a bachelor's degree and secondary teachers show 63.1% as having training beyond a bachelor's degree. Tables 5, 7, 9 pages 9, 11, 13.

3. STAFF TURNOVER:

Turnover for the state as a whole is computed by subtracting the increased number of teachers from the total number of new professional personnel employed. Personnel leaving the public system in Utah includes those who accept assignments outside of the state or in private schools or higher institutions of learning within the state, retire, die, take maternity leave for one or more years, or who change occupations. The turnover rate for 1980 was 7.06% and for 1981 was 8.10%. Table 64, page 71.

4. LETTERS OF AUTHORIZATION:

Definition: "Letters of Authorization" is a term used to describe the authority given to school districts to employ individuals without proper certification. These letters are issued to school districts upon proof of dire need and for one year only.

Number: The number of "Letters of Authorization" issued as of December 10, 1981 were 102 which is 0.6% of the total professional personnel. This is 21 more "Letters of Authorization" than were issued at the same time in 1980. Tables 65-66, pages 75-76.

Training: Ninety-one and four tenths percent have at least a bachelor's degree and additional training or a higher degree. Eight and six tenths percent have less than enough hours for a bachelor's degree.

5. NEW TEACHERS:

Number: For the school year 1981-82, 1,358 new teachers were employed in the state. The total represents 821 elementary, 70 middle school, 425 secondary, and 42 district wide personnel. Three hundred and forty men and 1,018 women were employed. One hundred eighty-three of the 1,358 taught out of state last year.

The number of transfers between districts total 433. This includes 152 men and 281 women. Two hundred and twenty-eight transfers were for elementary positions, 11 for middle school, 171 for secondary positions and 23 were for district wide positions. Tables 67-68, pages 79-80.

Training: Eighty-six and four tenths percent of the total new teachers have a bachelor's degree. Eleven and nine tenths percent have a master's degree and/or additional training. Tables 73-75, pages 85-87.

Experience: Those with experience are distributed as follows: 74.7% - 1-5 years; 17.4% - 6-10 years; 4.3% - 11-15 years; 2.3% - 16-20 years; 1.1% - 20 years and over. Table 76, page 88.

Age Distribution: The median age for all new teachers to the state is 28.2 years. The men's median age is 28.9 years and the women's median age is 27.8 years. Table 82, page 94.

Where They Come From: California furnished the greatest number of new teachers who taught out of state last year - 8.7% of the total. Table 83, page 95.

6. CANDIDATES RECOMMENDED FOR CERTIFICATION:

Supply of Teachers: The supply of teachers is measured by the number of candidates who are graduated from the state's six teacher preparation institutions.

The estimated number of candidates recommended for 1982 is 1,702--375 men, 1,327 women. There will be 116 recommended for Early Childhood Education: 795 recommended for elementary: 639 recommended for secondary and 152 for ungraded. Table 84, page 99.

Number Graduating (1981): The 1981 graduates from Utah teacher training institutions recommended for certification in Education totaled 1,755. Forty-two percent (750) of the 1981 graduating class accepted teaching positions in Utah in the fall of 1981. The 1980 percentage was 42.0%. Twelve and eight tenths percent accepted teaching positions outside the state. The balance entered into non-teaching functions. Sixty-one and seven tenths percent of the graduates were from Utah, 36.0% from states outside of Utah and 2.3% from foreign countries. Table 104, pages 121-122.

Brigham Young University trained the greatest number (874) and also the largest group accepting positions in Utah (323), Utah State University was second with (315) trained and second with (147) that accepted teaching positions in Utah. University of Utah was third in the number trained (256) and third in number (107) that accepted positions to teach in Utah. Percentage wise, Westminster College had the highest percent of those trained accepting teaching positions in Utah (66.7%). Weber State College was second with 55.9% and Southern Utah State College was third with 52.4%. Tables 97-103, pages 113-119.

7. MISCELLANEOUS:

For the 1981-82 school year there are three one-teacher schools. There are 34 students enrolled in the one-teacher schools--a decrease of 2 over the previous year. Live births in the state of Utah increased 711 over the previous year. Tables in Buff Section.
